

Autumn 2021 Resit Information for Students, Parents and Teachers

Due to the government cancellation of this summer's exams, Ofqual has created an autumn 2021 resit exam series which will serve as an opportunity for any students that are dissatisfied with one (or more) of their final results from this summer to 'resit' the relevant exam(s) of the particular qualification(s) in the hope of achieving a better grade. This resit exam series will cover all GCSE and A-Level qualifications from summer 2021 and the rough timeline of it is that A-Level resits will take place in October 2021 and GCSE resits will take place in November and December 2021. (Exact exam dates can be found on the relevant page of the relevant exam board's website.)

As such, The Corsham School will be running a limited resit exam series for those GCSE or A-Level students who have received a grade this summer but would like to resit in the autumn. In order to resit a qualification in the autumn, a student should complete the relevant resit form (entitled *Resit Form for GCSE / A-Level Exams in the Autumn 2021 Exam Series*, which can be found on the exam office page on the school's website) and return it to the school's Examinations Officer, Mr Morris, by the relevant deadline, listed below:

The Deadlines to Submit this Resit Form are as Follows:

A-Level Resits: Tuesday 7th September

GCSE Resits: Friday 17th September

Please note that, in order to be eligible for a new overall subject grade in the autumn, a student must resit *all* of the exam units that usually make up the qualification in question. The only exception to this is for Art subjects – please speak to Mr Morris, in the Exams Office, for further information on potential Art resits.

Y11 Students Who Will Be Moving on to a Nearby College or New School for Further Study in Autumn 2021: A Note

Any Y11 students who leave The Corsham School and move on to a local College / new school for further study from autumn 2021 may return to The Corsham School to resit any GCSE qualifications that they like, **with the exceptions of GCSE English Language and/or GCSE Mathematics**. The Joint Council for Qualification's protocol for these two subjects, which The Corsham School will be following, is that **students wanting to resit GCSE English Language and/or GCSE Mathematics should resit them at their new College/school** (and not at the institution that they have left).
