

## **Careers Education, Information, Advice and Guidance (CEIAG)**

Below are a list of services which support young people in their career journey, as well as providing information for parents:

### **Careerpilot**

Careerpilot is a free local website that provides impartial careers information to students aged 13-19 in the South West region about all the choices available.

The site has:

- Information on twenty job sectors;
- Details about the choices at 14, 16 and 18,
- Career Tools to help students make informed decisions;
- An Adviser Zone with resources for teachers to use;
- A Parent Zone.

Careerpilot is co-funded by all 12 universities in the South West region.

Currently, students sign up for a CareerPilot account in Term 1 of Year 9 as a part of their PSHE Careers module.

### **<https://nationalcareersservice.direct.gov.uk>**

The National Careers Service provide information, advice and guidance to help make decisions on learning, training and work.

### **Career Companion**

Career Comp@nion online is an impartial and mediated review service of Careers, Learning and Support Information websites.

### **Careermap**

Careermap has an extensive range of content about careers and qualifications to help inspire and inform.

[Careermap TV](#) is a fun and visual learning resource which focuses on opening up a world of opportunities through innovative video clips and live broadcast events. Top employers and apprentices share their experiences of entering the world of work.

### **Career Mag**

Careermag for students is a free termly magazine providing quality information and guidance. It focuses on opportunities from top employers, diversity, STEM, inspiring case studies and future proof careers.

Careermag for Parents is published twice in the academic year. It aims to connect parents to an extensive range of information about careers and qualifications. It's a handy guide for parents through what can be an overwhelming range of options for the future.

<http://www.lmiforall.org.uk>

LMI for All is an online data portal, which connects and standardises existing sources of high quality, reliable labour market information (LMI) with the aim of informing careers decisions.
