What will my exam look like?

Throughout the year, you will have already practiced a variety of Art skills and techniques which will be found in your end of year assessment. You will need to apply the following techniques:

- Shading and tone
- Proportion and perspective

Торіс	Content studied	Extra revision resource (on top of Knowledge Organisers) – Click on the Link
Shading and tone	Work on improving your shading skills before your exam. You have touched on shading and tone throughout year 7 and 8.	https://www.youtube.com/watch?v=-WR-FyUQc6I https://www.youtube.com/watch?v=FmsSbpsB5Vs
Proportion and Form	Tonal tree homework Self-portrait drawings Gothic Architecture	https://www.youtube.com/watch?v=TntR8sb-UMc&t=324s https://www.youtube.com/watch?v=uJx6gLT1KcA&t=30s
Mark Making techniques	Testing different mark-making with pencils and oil pastels	https://www.youtube.com/watch?v=JGisRLMAixQ https://www.youtube.com/watch?v=8oJpe1BtjUg
Perspective	Depth in tropical landscape drawings	https://www.youtube.com/watch?v=8AMAIQHCVtA
Equipment needed	Do not go out and buy pencils specifically, we will provide them for you, but if you have your own, bring them!	A range of B pencils from 2B to 9B will help with your shading.

Year 8 Computing Summative Assessment

What types of questions in my exam?

Your assessment will be on photoshop and python

Торіс	Content studied	Extra revision resource (on top of Knowledge Organisers) – Click on the Link
Photoshop	Look back at your photoshop portfolio	Look at the print screens and your comments about them. Think about what tools you used on each example.
	Look at your knowledge organiser Watch sections of this you tube video	See next page Link to video I would not recommend watching the whole thing. Focus on the move and selection tools (up to 8:30) and healing tools (18:00 to 20:00).
Python	Look at the examples in your python portfolio Watch some parts of this video	Read the notes you added to the examples. <u>Link to video</u> I would recommend learning about variables (26:00 to 32:00 in the video), If and else (35:00), and while loops (54:00 to 56:00)
